T'ING C. PEI
PRESIDENT

7 March 1966

Mr. William H. Seiler, Jr.
Chairman
WYBC
242-A Yale Station
New Haven, Conn.

Dear Bill:

It was indeed a pleasure to meet with you again last Saturday, particularly since our meeting proved (as I see it) to be so productive.

The reason for this brief note concerns the Convention, which as you know will be at Princeton on April 22nd and 23rd. I am writing to urge as many of your staff members to attend as possibly can. I think it important that a broad base of contact between stations be established, and indeed, this is one of the central functions of the convention. I hope you will pass the word around among the rank-and-file (if I may use that term?). I look forward to seeing you again soon, perhaps when we have to get together on applicants for affiliation, and in any case at the Convention next month. Bring a crowd!

Cordially,

T'ing

T'ing C. Pei
